

## **Rotation Objectives**

### **CHAI/Child Health Advocacy rotation**

Entrustable Professional Activities:

- 1) Be able to identify societal and cultural influences of health, and how those are relevant to a targeted child health issue (MK1, ICS2, Prof1, Prof 2, SBP 2)
- 2) Demonstrate effective communication with a wide range of multi-disciplinary professionals (PBLI1, PBLI2, ICS1, ICS2, SBP2, SBP3)
- 3) Understand the limitations of traditional medical care in impacting child health (MK1, ICS2, Prof1, Prof2, SBP2)
- 4) Plan actions in collaboration with a multidisciplinary team to bring about systemic public health changes (MK1, PBLI1, ICS1, Prof2, SBP2, SBP 3)
- 5) Know how to access state and federal government leaders (ICS1, SBP2)
- 6) Demonstrate how to incorporate science in a meaningful way into written documents describing child health issues (ie testimony, blogs) (MK1, ICS1, PROF3, SBP2)
- 7) Understand the strengths and weaknesses of the public health care system and how that applies to a targeted child health issue (MK1, PBLI3, PROF1, SBP2)
- 8) Understand how a medical professional can influence the legislative process (Prof 2, Prof 3, SBP2, SBP 3)
